

1. IDENTIFICATION OF THE MATERIAL AND SUPPLIER

Product Name

Toolbox

Other Names

Not applicable

Recommended Use

Adhesive or sealant for the construction industry

Company

H. B. Fuller Company Australia Pty. Ltd

Address

16-22 Red Gum Drive, Dandenong South, VIC 3175

Telephone

(03) 9797 6222

Emergency Telephone No

1800 033 111

2. HAZARD IDENTIFICATION

NOHSC Classification: Non - hazardous substance

ADG Classification: Not a dangerous goods

SUSDP Classification: Not a poison

3. COMPOSITION

Ingredients

CHEMICAL ENTITY	CAS No	PROPORTION
Modified Silane polymer	Not available	10-30%
Propylene glycol	25322-69-4	1-10%
Inorganic filler	Not available	30-60%
Other ingredients determined not to be hazardous	Not applicable	To 100%

4. FIRST AID MEASURES

Swallowed

If swallowed, rinse mouth thoroughly with water. Give plenty of water to drink. See a doctor. Do NOT induce vomiting.

**MATERIAL SAFETY DATA SHEET FOR:
TOOLBOX**

Replaces: September 2007 Date of issue: April 2008

Eyes

Use an eye wash to remove a chemical from your eye regardless of the level of hazard. Flush the affected eye for at least twenty minutes. Tilt the head to prevent chemical from transferring to the uncontaminated eye. Seek medical advice after flushing.

Skin

Wash with plenty of soap and water. Remove all contaminated clothing. If swelling, redness or blistering occurs. See a doctor.

Inhaled

Remove to fresh air. Restore breathing, if necessary. Call a physician if symptoms persist.

First Aid Facilities

Have eye wash available when exposure may occur

Advice to Doctor

Treat symptomatically

5. FIRE FIGHTING MEASURES

Suitable Extinguishing Media

Foam, dry chemical, or carbon dioxide.

Hazards from combustion products

On burning, will release carbon monoxide carbon dioxide and trace amounts of hydrogen chloride and nitrogen oxides. Fire fighters to wear self contained breathing apparatus if risk of exposure to vapours. Fire fighters should wear full protective equipment.

Precautions for fire fighters and special protective equipment

Persons exposed to products of combustion should wear self-contained breathing apparatus and full protective equipment.

6. ACCIDENTAL RELEASE MEASURES

Emergency Procedures

Exposure to the spilled material may be irritating or harmful. Follow personal protective equipment recommendations found in Section 8 of this MSDS. Additional precautions may be necessary based on special circumstances created by the spill including; the material spilled, the quantity of the spill, the area in which the spill occurred.

Methods and materials for containment and clean up

Dike if necessary, contain spill with inert absorbent and transfer to containers for disposal. Keep spilled product out of sewers, watersheds, or water systems. For disposal, consult responsible authority regarding statutory requirements.

7. HANDLING AND STORAGE

Precautions for safe handling

Not classified as Dangerous Goods. No special transport precautions are required.

**MATERIAL SAFETY DATA SHEET FOR:
TOOLBOX**

Replaces: September 2007 Date of issue: April 2008

Conditions for safe storage, including any incompatibilities

Store in a cool dry place, out of direct sunlight.. No incompatibilities known

8. EXPOSURE CONTROLS / PERSONAL PROTECTION

Exposure standards [NOHSC: 1008 (2004)].

No exposure values have been set for any constituent

Biological Limit Values

None assigned

Engineering Controls

If not working in open air use good general ventilation that will ensure that atmospheric exposure standards are not exceeded. In confined spaces, use a local exhaust that will give sufficient face velocity away from the user to ensure that the exposure limits are not exceeded.

Personal Protection

Wear safety overalls, safety glasses and Neoprene, nitrile or natural rubber gloves. Respiratory protection is not required under normal conditions of use. However in the case of a spillage or when working in a poorly ventilated area use a half face respirator with an organic vapour type cartridge. Always wash hands before smoking, eating, drinking or using the toilet.

9. PHYSICAL AND CHEMICAL PROPERTIES

Appearance

Thick coloured paste

Odour

Characteristic

pH

Undetermined

Vapour Pressure

Undetermined

Vapour density

Undetermined

Boiling point / range

Undetermined

Freezing / melting point

Undetermined

Solubility

Insoluble in water

Specific gravity

1.47

VOC content (Californian South coast air quality management rule 1168

30g / l

10. STABILITY AND REACTIVITY

Chemical stability

Stable

Conditions to Avoid

None

Incompatible materials

Water, strong oxidising agents, and chlorine

Hazardous decomposition products

None known

Hazardous reactions

Will not occur

11. TOXICOLOGICAL INFORMATION

Acute effects

Eye

Direct contact with the uncured product may cause mild irritation

Skin

Contact with uncured product may result in moderate skin irritation

Inhalation

Inhalation of curing product is unlikely to cause any irritation

Ingestion

An unlikely route of entry. Available data suggest minimal adverse health effects by this route

Chronic effect

None known

Existing health conditions affected by exposure

None established

12. ECOLOGICAL INFORMATION

Ecotoxicity

**MATERIAL SAFETY DATA SHEET FOR:
TOOLBOX**

Replaces: September 2007 Date of issue: April 2008

No information available

Persistence and degradeability

No information available

Mobility

No information available

13. DISPOSAL

Disposal methods

Dispose strictly in accordance with local industrial waste disposal and environmental protection regulation

Special precautions for landfill or incineration

No special precautions

14. TRANSPORT INFORMATION

Australian Dangerous Goods Code

Without restrictions.

International Maritime Organisation Rules (IMDG)

Without restrictions.

International Civil Aviation Organisation (ICAO) and International Air Transport Association (IATA) rules

Without restrictions.

15. REGULATORY INFORMATION

AICS Status

All components of this material are registered with NICNAS

Standard for the uniform scheduling of drugs and poisons (SUSDP) status

Not a poison

16. OTHER INFORMATION

This MSDS summarises at the date of issue our best knowledge of the health and safety hazard information of the product, and in particular, how to safely handle and use the product in the workplace. Since H.B. Fuller Australia Pty Ltd cannot anticipate or control the conditions under which the product may be used, each user must, prior to usage, review this MSDS in the context of how the user intends to handle and use the product in the workplace.

If clarification or further information is needed to ensure that an appropriate assessment can be made, the user should contact this company.

Our responsibility for the products sold is subject to our standard terms and conditions, a copy of which is sent to our customers and is also available on request.
