

MRN1202
12V Cordless Nut Riveter

12V CORDLESS NUT RIVETER

Model: MRN1202
M6 Steel, Stainless Steel & M8 Steel nut rivets

ADVANTAGE

Drill-on of the blind rivet nut with reduced torque and automatic switch-off. Separate Triggering of the pulling step. Monitoring of preset stroke through electronic control. Drill-off with high torque after setting is complete.

PERFORMANCE

The MRN1201 Cordless Riveter can set M6 Steel/ Stainless Steel, M8 Steel blind nut rivets. High Stroke of 20mm

COUNTRY OF MANUFACTURE

All parts are made in Taiwan to the highest Standards of CE & MS Tools

CORDLESS RIVETER DATA:

Operating Voltage: 12 Volt DC
Pulling Strength: 11,000 N
Working Stroke: Adjustable up to 6mm
Weight: 2.3Kg with Battery
Pulls 316 Stainless Steel with ease

BATTERY CELL

Nominal Voltage: 12 Volt
Nominal Capacity: 1.7Ah
Number of cells: 10
Cells composition: Nickel-Cadmium
Weight: 0.65 kg

QUICK BATTERY CHARGER

Input Voltage: 230V / 50Hz
Charging Time: Approx. 60 minutes
Weight: 0.5Kg

TECHNICAL DATA:

Riveting Capacities
M6 Steel, Stainless Steel & M8 Steel nut rivets
Application for
Steel and 316 Stainless steel rivets
Weight
1.9Kg
Charger
60 mins charging time
Battery
12V
Warranty
12 months Australia Wide Warranty
