235mm 24T Timber Formwork Saw Blade

Allfasteners® fast-cut timber saw blades are designed with tungsten carbide tips and a thin kerf blade for fast clean cut and less load on your saw.

- 235mm (9-1/4 inch)
- 25mm bore
- 24 teeth
- Ripping blade for formwork

For use with your circular saw, table saw, radial arm saws and mitre saws. Cut common material including hardwoods, MDF, particle board chipboard, plywood and more.

SPECIAL DEAL!

235mm **\$9.90** per disc on **5 Box Buy!**

Valid until June 1st, 2022 to August 31th, 2022
