Chipboard Screws Zinc

Fix chipboard sheets and other soft material to timber with a flush finish. Featured countersunk head with ribs on underside. The ribbed head assists with removal of chipboard particles to sink the head flush.

- Phillips drive / countersunk
- Coarse rolled thread with smooth shank
- Zinc (passivated) for internal application

For **external installation** we recommend [T17 Construction Screws](#) – these can be used also in treated pine.

TECHNICAL INFO:
