Safety Lifeline Cable Tester Kit 1 – Frame Only

The upgraded 2024 edition of the **Hydrajaws Safety Lifeline Cable Tester Kit 1** features a redesigned, lightweight, and compact form factor that enhances usability and convenience.

Key New Features:

Easy action “Swing Bolt” clamp design:
no need to remove fasteners.

Steady Handle: Provides improved stability and control during testing.

Captive knurled adaptor when testing Slip and Non-Slip Indicator Swages.

Versatile Compatibility: Seamlessly integrates with M2000 or M35+ Pull Tester Load Cells.

Built to the highest standards, the **Hydrajaws Safety Lifeline Cable Tester** securely clamps onto 8mm wire rope and includes all necessary accessories for testing existing installations, even those with long termination assemblies—no additional parts required.

Trusted by leading fall protection installation companies around the world, this tool is essential for performing tests in compliance with relevant BS and international standards.

The Safety Lifeline Cable Tester is user-friendly, portable, and comes with a detailed user manual and full technical support from the Hydrajaws team.
