Verify Torque – A smart device that revolutionises torque traceability

An essential tool to follow manufacturer recommendations and industry standards for torque specifications in industries where compliance and traceability are paramount.

Verify Torque becomes a digital torque wrench by simply attaching it to your existing tools, allowing you to measure and record torque easily and accurately. By installing the Hydrajaws Verify app on your smartphone or tablet, you can display measurement results and record measurement history, which allows for highly accurate measurements and also greatly improves work efficiency with data management.

Used in the following industries:

- Automotive
- Construction
- Aerospace
- Manufacturing
- Energy
- Industrial
- Work at Height
- Marine

SPECIFICATIONS

■ Verify Torque (Part #)	80 Nm 010-005	200 Nm 010-006
■ Drive size:	3/8" (9.5 mm)	1/2" (12.7 mm)
■ Torque range:	8–80 Nm	40–200 Nm
■ Display increment:	0.1 Nm	0.1 Nm
■ Diameter:	42 mm	42 mm
■ Height:	75 mm	83 mm
■ Weight:	160 g	210 g
■ Measurement accuracy: ±4%		
■ Power: Rechargeable Li-Po, comes with USB charging cable – charger not supplied		
■ Requires the Hydrajaws Verify App to operate, communicates with the app via Bluetooth®
